Included in every Cat Plan: Comprehensive Health Examination

(once per year)

- A thorough physical examination to assess your cats overall health from the tip of their nose to the end of their tail.

All Vaccinations your Cat Needs

- Vaccines are essential to protect your cat against common diseases and infections.
- Individualized risk assessment will be done to determine what your pet needs.

up to \$500 in savings

Fecal Testing

(once per year)

- Fecal tests look for microscopic parasites.
- We want to be sure your cat, you and your family are safe from parasites!

Up to Three Included Health Exams

(for the year while enrolled)

- No need to wait when you have a concern about your cat's health.

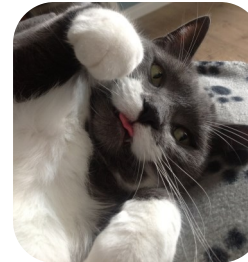

Early Detection Blood Tests

(once per year)

- Early disease detection allows us to diagnose disease before the disease becomes more serious and more difficult to treat.

Nail Trims (4)

- Included with exams.

Also Included in Option B Plans: Thyroid Panel Test

(once per year)

- Measuring thyroid hormone concentrations in your cat's blood helps ensure proper thyroid gland function to maintain normal metabolism in your cat.

Urine Testing

(once per year)

- Aids in the early detection of infection, dehydration, kidney and bladder disease.

Dental Cleaning (Optional Add-on)

(once per year)

- We will make every effort to keep your cat comfortable and pain-free.
- Routine blood testing and blood pressure monitoring is performed to help improve safety of anesthesia for your cat.
- I.V. fluids are administered to encourage a speedy recovery.
- Scaling above and below the gum line to remove plaque and tartar with an ultrasonic scaler and hand instruments.
- **Additional fees required for Grades 2 & 3 cleanings, extractions, and medication.**

Note: Emergency after hour visits are not included in these plans.
